One day in the life of a child can make a huge impact on their future.

One caring adult can create an unbreakable bond with a vulnerable child that will last throughout their lifetime.

One Child

Each child who walks through our doors has one unique future. One may come from a loving, single parent family, or speak little English, or may not have a home. At the Boys & Girls Club it is our job to give each child a sense of hope and opportunity. We work to bring out what's inside a child and we carry out our mission with care. We take it one child at a time.

Professional staff members provide informal guidance that helps young people develop character. We have the potential to impact the life of each and every young person we serve. Your generosity allows the Club to have a profound impact on a child's life by offering fun and appealing activities that show we care.

One Opportunity

Each day, the staff at the Boys & Girls Club of Webster-Dudley are challenged with unique situations. Taking one day, with one program, using one hour to help turn the life of a child in the right direction. Encouraging a child to be engaged and eager to learn more. To create a relationship that will provide positive influence for a lifetime.

Our staff is dedicated to teaching the importance of character in daily life. They are caring adults who strive to direct children to choose right from wrong. They instill a sense of belonging and promote feelings of competence, as well as mentor children to make positive choices.

According to the U.S. Department of Education and Justice, students who attend quality, after school programs demonstrate better academic performance, more positive behavior and better school attendance, than those who do not. Therefore, the Boys & Girls Club of Webster-Dudley offers time tested and nationally recognized programs in five distinct areas:

Character and Leadership: Helping boys and girls become responsible citizens.

Education and Life Skills: Encouraging youth to create aspirations for the future, providing them with opportunities for career exploration and educational enhancement.

Health and Life Skills: Facilitating the achievement and maintenance of a healthy, active lifestyle.

The Arts: Enhancing self-expression, developing multi-cultural appreciation, and gaining creative skills.

Sports, Fitness and Recreation: Developing fitness and promoting positive use of free time.

One Future

Make a one time commitment or continual commitment to the future of youth today. ***Please support the Boys & Girls Club.*** The Boys & Girls Club of Webster-Dudley would like to invite you to help our Club meet the need of the youth in our community. This will enable us to continue the many successful programs that are offered at the Club as well as provide us the means to implement new programs and services that are essential to the future of our youth.

Only through the generosity of our friends in the community can we make a difference in the lives of our youth. Without the help and support of our friends in the community we cannot provide our youth with these much needed programs.

Your dollars support boys and girls in our community, your dollars stay in your Club, your dollars help shape thousands of futures. Your continued support is necessary to fund current programs and operations, serve more youth, and provide a safe place for our children offering life enhancing programs by a caring adult.
